

17 March 1965

ATTN : **OAD/OCR** 25X1A9a

**DAD/BI**

**Population Totals**

1. Following up on our conversation in your office last Monday and our subsequent telephone conversation, I am forwarding to you the list of countries in our forthcoming issue of the NIS Factbook. I have arranged with the Bureau of the Census to send you within a few weeks population totals extrapolated to 1 January 1965 for each country. Dr. Combs of the Bureau says he will also send for each country the latest official figure or estimate upon which these extrapolations are based.

2. Thank you very much for your help in this matter. The Factbook has indeed become a community project and we hope to make it as accurate as possible.
